Talha Naeem

(705) 975-6718 | iamtalhagoraya@gmail.com | Sault Ste. Marie, ON | linkedin.com/in/talha-naeem-goraya

PROFESSIONAL SUMMARY

Detail-oriented and organized administrative professional with demonstrated experience coordinating office procedures, managing correspondence, maintaining records, and supporting teams across multiple concurrent priorities. Holds a Bachelor of Computer Science from Algoma University and brings strong analytical, written, and interpersonal skills to administrative roles. Experienced in establishing work priorities, delegating tasks, preparing reports and manuals, and ensuring deadlines and procedures are consistently followed. Proficient in the full Microsoft Office suite, including Word, Excel, PowerPoint, Outlook, Teams, and SharePoint.

CORE COMPETENCIES

- Coordinating and overseeing office administrative procedures like reviewing, evaluating, and implementing process improvements
- Establishing work priorities and delegating tasks to ensure deadlines are met, and procedures followed
- Preparing and assembling periodic reports, special reports, manuals, and professional correspondence
- Administering policies and procedures related to records management, access to information, and privacy compliance
- Planning and coordinating office services — supplies, equipment, facilities, maintenance, and asset management
- Supporting budget preparation, inventory tracking, and budgetary controls using Excel
- Conducting administrative analyses related to contracting, project planning, and operational processes
- Supervising and supporting administrative and records management staff
- Proficient in Microsoft Word, Excel, PowerPoint, Outlook, Teams, and SharePoint
- Strong written and verbal communication — drafts, proofreads, and formats professional documents with accuracy
- Exercises sound judgment and discretion — knows when to act independently and when to escalate
- Multilingual communicator — effective in diverse and cross-cultural professional environments

WORK EXPERIENCE

Vice President & Administrative Coordinator | Algoma University Muslim Students Association

Sault Ste. Marie, ON January 2024 – April 2025

- Oversaw and coordinated all administrative procedures for the association — reviewed existing processes and implemented improvements to increase efficiency and consistency
- Established work priorities across multiple concurrent projects and delegated responsibilities to team members, following up to ensure deadlines and procedures were met
- Managed all inbound and outbound correspondence — reviewed, routed, and responded to inquiries from students, faculty, and partner organizations in a timely manner
- Coordinated meeting schedules, event logistics, and appointment calendars for the executive team and faculty advisors
- Drafted, formatted, and proofread official communications, internal reports, event announcements, and policy documents before distribution

SEO Developer & Administrative Support | Algoma University Business Society

Sault Ste. Marie, ON 2024

- Maintained and updated organizational records, website content, and documentation, ensuring accuracy and currency at all times
- Assembled and prepared written summaries, progress reports, and correspondence for faculty and external stakeholders
- Coordinated between working groups to track project deliverables, flag delays, and keep operations on schedule
- Supported planning and management of digital projects — tracked timelines, resources, and milestones

Customer Service Representative | Peavey Industries Ltd.

Sault Ste. Marie, ON, October 2022 – September 2024

- Managed a high volume of correspondence and inquiries by phone, email, and in person — exercising judgment to respond, redirect, or escalate as appropriate
- Maintained accurate records for transactions, shipments, purchase orders, and inventory — supporting data integrity and audit readiness
- Organized and maintained filing systems so information was retrievable quickly by any staff member

- Assisted with tracking and reconciling inventory counts; flagged discrepancies to management for review

Supervisor | AAA Landscaping
Sault Ste. Marie, ON May 2023 – September 2025

- Established daily work priorities for a crew of up to six, delegating tasks and adjusting plans when conditions or demands changed
- Prepared and delivered verbal and written progress updates to management on scheduling, output, and any issues requiring attention
- Made independent operational decisions to keep work on track rather than waiting for direction on routine matters
- Ensured all work was completed in compliance with established safety procedures and standards

IT Specialist & Administrative Coordinator | AUSPAK International (Pvt) Ltd.
Sialkot, Pakistan September 2021 – July 2022

- Maintained organized digital filing systems, records, and documentation — ensuring accuracy, version control, and confidentiality
- Assembled and prepared technical reports, management summaries, and operational correspondence for internal distribution
- Administered records related to student documentation including certifications, transcripts, and offer letters for post-secondary admissions processing
- Handled sensitive enrollment and immigration-related files in compliance with privacy and confidentiality requirements
- Conducted data quality checks and resolved discrepancies across systems and records

CERTIFICATIONS & TECHNICAL SKILLS

- Microsoft Office Suite: Word, Excel, PowerPoint, Outlook — proficient
- SharePoint, Teams, Microsoft 365, Google Workspace — familiar
- Microsoft Access 2019, Introduction to SQL, Essential SQL (NASBA Certified)
- HTML, CSS, JavaScript — web content and records management
- CompTIA Security+ Training — information security, data privacy, and access control
- First Aid / CPR Certified | WHMIS Certified | Health & Safety Certificate
- Valid Full G Driver's Licence

EDUCATION

Bachelor of Computer Science | Algoma University
Sault Ste. Marie, ON September 2022 – August 2025

- Dean's List — September 2022
- Relevant coursework: database management, systems analysis, project management, and technical writing
